Deputy David Cullinane
Dáil Éireann
Leinster House
Dublin 2

26th July 2023

PQ 35071/23 - To ask the Minister for Health the number of delayed transfers of care for each month for each year 2018-2023 to date, inclusive, at each location, in tabular form; the number of delayed discharges and the number as a percentage of all discharges; the number of bed days lost; and the number as a percentage of all bed days available for the period.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response.

Business Information within the HSE comprises a central repository for activity information for Acute and Non Acute Services. This is known as the Business Information Unit (BIU). Extensive amounts of data are collected, collated, validated and analysed by this unit. This data is used in performance monitoring and measurement which influences the HSE in taking both operational and strategic decisions.

The information requested has been provided in the attached Excel file supplied by the Acute BIU. Please note the BIU have advised that they do not have figures on delayed discharges as a percentage of total discharges, or on bed days lost as a percentage of all bed days available for the period.

I trust this is of assistance to you.

Yours sincerely,

**Nessa Lynch
General Manager
Acute Operations**

If information contained within this file is used in other reports then as a minimum requirement BIU must be referenced.
