The data below was extracted from DIME (Doctors Integrated Management E-system) as at 31.12.2024. DIME is dependent on clinical sites inputting details on their consultant workforce and therefore there may be variances and gaps in the data supplied to that held within clinical sites. As DIME is a live system it must be noted that there can be variances in the figures published dependent on the run date of the report as entries can be made with a retrospective date.
